Therapeutic Laser Therapy

Non-Surgical / Drug Free Treatment Option

No sedation or restraint required. The laser treatment experience is generally pleasant and comforting.

- 🐾 Provides Pain Relief
- 🐾 Decreases Inflammation
- 🐾 Accelerates Healing

Treatment Regimens:

Chronic Conditions / Acute Injuries (Includes Six Treatments):

- Single Site.....\$250
- Multiple Sites.....\$310
 - Week 1 - 3 treatments (Example: Monday, Wednesday, Friday)
 - Week 2 - 2 treatments (Example: Tuesday, Friday)
 - Week 3 - 1 treatment* (Example: Wednesday)

*Week 3 is followed by a recheck office visit to discuss any long-term and maintenance treatment plans.

Single Treatments:

- Single Site.....\$45
- Multiple Sites.....\$51

Post-Surgical Treatments:

- Single Site.....\$28
- Multiple Sites.....\$34

The effects of laser treatment are cumulative. A suggested treatment plan would include an initial series of treatments, followed by ongoing maintenance treatments. Improvement may be seen within the first two treatments, but long term benefits result from following a complete treatment protocol.

(Treatment regimens may vary based on an individual basis and response)
