

Covid-19 Checklist for In-Clinic Visits

Please read and answer the following questions:

Yes	No	
		Have you or a family member traveled outside the U.S. in the last 14 days?
		Have you or a family member been diagnosed, tested positive or exposed to anyone with Covid-19 in the last 14 days.
		Do you have any symptoms of illness including coughing, fever or shortness of breath?

If you answered yes to any of the questions please call and speak to a staff member before bringing your pet for their appointment or procedure.

If you answered no to all questions above please read our in-house protocols and initial that you understand and agree to follow.

Agree	
	We only allow up to 2 people to enter the building at one time with each visit.
	Although we do all we can to maintain a clean and controlled environment inside of our hospital, we strongly recommend that clients wear a mask inside the building.
	We will continue to do all exams in the treatment area while the client waits in the room. The doctor will step to the doorway to discuss exam findings and/or dismiss clients to maintain social distance.

If you do not understand or cannot follow these protocols please give us a call to discuss before coming for your appointment or procedure. Otherwise please sign below.
